Re: Live lessons and online learning update years 7,8 & 9.

Dear parents and carers,

I hope that you are all keeping safe and well during this difficult and uncertain time. We assure you that the best interests of our students, families and staff remain at the heart of what we do here at TKAW and with this in mind I wanted to take this opportunity to give you some key information regarding year 7,8 and 9 students and their online learning.

We have been awaiting guidance from the government and the most recent announcements suggest that September is the most likely return to school period. As a result of this we have developed an online learning timetable so that all students in years 7,8 and 9 have “face to face” contact with their teachers for the remainder of this academic year.

Please see below timetables for students. These lessons will be held via google classroom and if students encounter any issues they should contact googlesupport@tkaw.org.
