

Life at the Khalsa Academies Trust

Year 7 student, Khalsa Secondary Academy

How have you found your first year at KSA?

I have really enjoyed my first year at Khalsa Secondary. At first, the idea of leaving my primary school to come to KSA was a little daunting, but I settled in quickly and have enjoyed my whole experience so far.

What have you enjoyed about KSA so far?

Days at KSA fly by as the lessons are varied and interesting. The teachers are brilliant, they know so much about their subjects and put energy and enthusiasm into making our lessons interesting. I have also thoroughly enjoyed the wide range of activities on offer at KSA.

If you had any advice to give to new students what would it be?

My advice is to ask as many questions while you are here about anything you want to find out about. KSA is a friendly school and if you throw yourself fully into school life anything is possible.

Welcome

Atam Academy, part of the Khalsa Academies Trust (KAT), is a brand new all-through school in Redbridge. Following the successful opening of our primary provision in September 2016, **we will be welcoming our first Year 7 cohort from September 2019.**

Our all-through education will provide opportunities beyond a typical secondary school to boost students' academic and personal development. Through shared expertise and resources, access to a wide range of enrichment activities and leadership and mentoring opportunities, such as working with our primary children, our secondary students will be supported and challenged to achieve their full potential.

We are an inclusive academy, utilising our Sikh ethos to provide everyone with a strong moral foundation and sense of community. At Khalsa Secondary Academy, also part of the KAT, I have witnessed first-hand the positive impact this has had on every student, whether a practising Sikh or not.

What's more, we have a new purpose-built, state-of-the-art school to provide students with an inspiring and unique learning environment.

I would like to welcome you to meet the team at one of our open events and see for yourself what an excellent education students will receive at Atam.
