

## Closing the Pupil Premium Gap

The school has implemented Accelerated Reader to enhance access to the whole curriculum. The graph above shows the progress of Pupil Premium students against Non Pupil Premium students in English and Maths up to Spring 2016.

The Impact of the Accelerated Reader programme has enabled 4 out of 5 students to make an average of 10 months progress in their reading ages between January and April, with one student making 2 years and 7 months progress in 4 calendar months.
